

Gathering of Low Impact Liveaboard Boaters 2012

A weekend of workshops, talks, skillshares and networking. Bring your boat or camp with us at the venue.

We have plenty of workshops lined up including engine maintenance, 12V electrics (theory and build you own PV panel) plumbing and carpentry.

This year, in addition to the practical workshops there'll be sessions on legal rights of boaters, the big changes to the structure of BW as well as a chance to get together with other people who are wanting to do something about it all.

Get more information about the gathering and LILO, and let us know you're coming: gathering@lilo.org, or:

www.lilo.org.uk

Pewsey, Kennet & Avon Canal
Fri 13th to Sun 15th
April 2012
